

Discovering God's Grace

Please feel free to give us your reflections and responses to the information presented in the reports from Church Innovations and the leaders of this project. Help us share the vision of what God is doing in and with Grace Lutheran Church and School.

Some suggested points to ponder:

What has been your faith journey and particularly at Grace?

What are some particulars in this information that capture your imagination?

How do you see Grace in the near future; in the coming decades?

Based on your experience and these documents, what is God calling Grace to be?

Your own questions and/or further comments are most welcome!

Return this form to a committee member, or to the reception desk at Grace.
